## DANIELSON AND PUTNAM

DANIELSON PUTNAM

Supposed Fox Proves 22 1-2 Pound Wildcat—Death of Mrs. Lorenzo Lillibridge—Big Pearl Found in Oyster—E. E. Clark Manager of Baseball Association.

There was a big killing over east of South Killingly Monday morning. Aden A. Tillinghast and Byron Jordan shot a genuine bob-tailed North American wildcat which weighed 22 1-2 pounds, and it was very thin at that. Tillinghast and Jordan have been hunting foxes and one day last week, after a hard chase, they believed they ran one of those animals into a ledge. To insure getting him when he came out, they set a steel trap. Saturday they visited the place and found the trap had been sprung, so they reset it. Monday they went over for another inspection, and there was something doing. Only a part of the chain on the anchored trap was visible, the remainder being drawn taut and into the ledge. An investigating stick pushed up into the rocky crevice was immediately seized by some animal with a well-developed grip and the snarling and spitting that followed apprised the hunters that it was no fox that had become mixed up in their trap. All efforts to pull the animal out failing, a guesswork shot with a revolver brought about the desired result, as the wildcat tumbled out. It was a female and had been caught in a trap by a forward paw, probably while trying to get out of the rocks.

The killing of the animal explains the unorthodox searching for foxes in that section have been hearing all winter and may also set at rest the stories of leopards, wolves and jaguars which have been told in that vicinity during the past year.

### OBITUARY.

Mrs. Lorenzo Lillibridge, 86, one of the oldest residents of Brooklyn, widow of Lorenzo Lillibridge, died at her home in East Brooklyn Saturday, following an illness due to her advanced years. She is survived by one daughter, Edna, who lives at home.

Earl Pilling of the Massachusetts Institute of Technology will come to Danielson this week to spend the midwinter recess with his parents, Mr. and Mrs. George Pilling.

Rev. Denton J. Nelly delivered the first of a series of evangelical sermons that are to be continued nightly throughout this week at East Killingly on Monday evening.

Miss Nellie Fournier and Miss Maude Girard were guests of friends in Grovesdale on Sunday.

Miss Lillian McNeill of Providence was the guest of Danielson friends over Sunday.

Found Large Pearl. W. A. Whipple found a large pearl in an oyster which he opened on Saturday. The pearl was the largest that Mr. Whipple ever found. Its value has not been determined.

Uncle Sam's Letters. The following letters remain unclaimed at the Danielson postoffice this week: Willie King, Mr. Lassotte, F. N. Pratt, Miss Mienel Marguerite, Mrs. Remillard.

Louis Vaudry, Miss Marie Godreau and Mrs. Joseph Thetault were winners of the honors at a whist party given at the home of Mr. and Mrs. Joseph Thetault on the West Side on Sunday evening.

Man and Woman Sent to Jail. Frank St. Sauvier and Mary Heon, both charged with intoxication and breach of the peace, and both arrested in Williamsville, were given terms to serve at the jail in Brooklyn after being presented in the town court on Monday morning. St. Sauvier was given 30 days and costs. Mrs. Heon was given 210 days and costs. Both prisoners have previous appearances in the town court recorded against them.

Boroughites Star-Gazing. Watching the Innes comet is the ennobling pastime of many local people. The first conclusion reached by many persons was that they were looking at the searchlight of an airship.

Muskrat Hunters on the Alert. There is a little icepick in the Quinebaug just opposite the tail grounds. Huge cakes are piled promiscuously on the flats to the east of the channel and make a picturesque sight. Although practically all of the ice has melted out of the upper reaches of this river, there is still much unbroken ice above the mouth of the Quinebaug above the hunters after muskrats have been on the watch since the river became high and many pelts have been taken.

A No-Meat Club. But the organizers watching what thousands of other people are doing throughout the country.

Grange Installation. The officers of Killingly grange were installed this week cutting ice at the Hygeia reservoir at East Killingly. The ice, which was 18 inches thick before the rain of last week, has shrunk to 14 inches, but is hard and of fine quality.

Fine Catch of Pickers. A party of Danielson men—not regular, but once-in-a-while fishermen—showed up 110 pickers Monday that were beautiful. Many of the fish weighed a pound and more and together they made up one of the finest strings of the winter.

To Organize Men's Club. There is to be a meeting of the men of the congregational church tomorrow (Wednesday) evening for the purpose of organizing a Men's club.

Precipitation 1.5 Inches. The precipitation of the past week, exclusive of the melted snow, amounted to an inch and a half. The rivers are now at their highest point for a year.

Many local people are finding employment this week cutting ice at the Hygeia reservoir at East Killingly. The ice, which was 18 inches thick before the rain of last week, has shrunk to 14 inches, but is hard and of fine quality.

E. E. Clark Manager and Representative. Frank W. Bennett, secretary of the Tri-Village Baseball association, has filed notice with the secretary of the Eastern Connecticut league that E. E. Clark of Williamsville has been elected as manager of their team and that he will be their representative as a director in place of Charles Franklin, who represented the Dayville association (absorbed by the new association) last year at the coming meetings of the league.

For Yale Library. There has been deposited in the Yale university library by the Hon. Les McCung, treasurer of the United States, the first sheet of United States currency to be engraved with his signature as treasurer of the United States.

The City of Homes. In Philadelphia last year only thirty tenement houses were erected, while no less than 7,734 two-story houses were built. It is to be hoped that the first sheet of United States currency to be engraved with his signature as treasurer of the United States.

## PUTNAM

PUTNAM

Alvin Bibeault Writes from Cuba—Two Marriages on Monday—Samuel Goodman Fined for Not Renewing Peddler's License—Thompson High School Cost \$134,207.

Alvin Bibeault of this city, a member of the crew of the battleship Rhode Island, writes from Guantanamo, Cuba, where his ship is anchored, that the temperature is ranging around 110 degrees.

John Macdonald, son of Mayor and Mrs. Arthur Macdonald, has returned from Fort Slocum, N. Y., where he has been taking the entrance examinations for West Point. Mr. Macdonald passed the physical requirements very satisfactorily.

Reuben Sykes, who has been ill at his home in this city for many weeks, was reported Monday as in a critical condition.

Postmaster Frank Letters has been ill at his home for several days. James C. Reese of North Attleboro, Mass., called on friends in Putnam Monday.

A number of Putnam people will attend the banquet of the Connecticut McKinley association at the Wauregan house at Norwich Friday evening.

Two Weddings at St. Mary's. There were two weddings at St. Mary's church Monday morning, that of Miss Bernadette D. Jones and Rufus Lapaline, and Miss Cecile Y. Magellan, daughter of Mr. and Mrs. Perry Magellan, and Edward J. Lizotte. Rev. Adrian Dykeman officiated. Both marriages were followed by receptions, the former at 34 Smith street and the latter at 202 Elm street.

### PEDDLER'S LICENSE

Not Renewed—So Samuel Goldman Paid \$6 Fine and Costs.

Because he did not heed the warning given about not living up to the city ordinance requiring peddlers to take out a license before doing business in Putnam, Samuel Goldman, a dealer in dry goods and ladies' garments, was presented in the city court Monday afternoon. Goldman pleaded guilty and was fined \$6 and costs.

On the witness stand, when given a chance to make a statement, Goldman said that he had offered to pay Captain Murray when he arrested him Monday morning. Captain Murray stated that he was acting under orders from the mayor. Goldman, who admitted knowing all about the peddler's license ordinance, said he had been told by a friend that he could renew his license for which he has now paid his additional \$12, the regular annual fee.

Goldman is one of about a dozen peddlers who have not renewed, and Captain Murray stated in court Monday that he would have several double licenses, and that he would have a quadruple license, with four cattlemen as victims. By states, the 70 licenses can be classified as follows:

Georgia 11, Texas 10, Florida 8, Louisiana 7, Kentucky 4, South Carolina 3, Mississippi 2, Missouri 1 and West Virginia 1.

It is to be noted from the above that in 1909 there was not a single branch in Virginia, North Carolina or Maryland. Such figures as these carry their own comment. They make it evident that if the southern states can have a year without lynchings it is possible for the others to have the same.—Waterbury American.

How Careless! Before came to him, Bernard Shaw wrote dramatic criticisms for The London Saturday Review. The following sample was preserved by the late editor, Philip Ash, and is reprinted in a somewhat foolish portion concerning a play at the Opera Comique, whether I was bitten this day or not, I do not know. I am sure I can have a year without lynchings it is possible for the others to have the same.—Waterbury American.

Appeal to a Thief. The other evening Mr. Alfred Edwards lost a pocketbook containing a sum of 444 pounds as he was leaving his home at 11 o'clock. A letter from him appears in the Figaro addressed to the presumed thief, who must be a most ungentlemanly one inasmuch as he does not answer it at once.

The letter says: "In leaving the Antoine theater last night after the capitation had been given, I forgot my hand attracted my pocketbook, containing ten bank notes of 100 francs each and twelve others of 50 francs, with some photographs and papers that are important to me. If the person who appropriated my property is so well inspired as to read The Figaro, I would be glad to return the pocketbook and the papers which are of no use to him. To hope that he would also send back the bank notes in exchange for a good reward would be exceeding the limits of optimism, and I do not dare to expect it. But my papers—what use can they be to him?—Paris (Correspondence) London Telegraph.

Colonel Ullman's Preferences. Colonel Ullman of New Haven is said to favor sending Senator Bulkeley back to Washington for another term. He has written a letter to the New Haven Register in which he states that it seems to him that the money expended in the building of macadam roads is largely wasted, for the reason that as now constructed they fail to stand automobile traffic. He says that he would prefer to see the state "call a halt" to the building of such roads, and that he would like to see the state "call a halt" to the building of such roads, and that he would like to see the state "call a halt" to the building of such roads.

Money Wasted in Macadam. President F. S. Luther of Trinity college, who is also a state senator, has written a letter to the New Haven Register in which he states that it seems to him that the money expended in the building of macadam roads is largely wasted, for the reason that as now constructed they fail to stand automobile traffic. He says that he would prefer to see the state "call a halt" to the building of such roads, and that he would like to see the state "call a halt" to the building of such roads.

## TRADE SCHOOLS.

TRADE SCHOOLS.

Their Utility Commended by Mechanical Engineer of New Haven Road. W. R. Maurer, mechanical engineer of the New Haven road, has written ex-Gov. Rollin S. Woodruff on the trade school subject, as follows: New Haven, Conn., Jan. 14, 1909.

Hon. R. S. Woodruff, New Haven, Conn. Dear Sir: I have noticed in the daily papers of late that a proposition to establish trade schools in New Haven was under discussion, and that you are interested in the subject. My knowledge of a school organized on similar lines has convinced me of the incalculable benefit to a city in which such a school may be located, and possibly a brief description of my experience in a school of this kind may prove of some interest to you.

For about 20 years, first as a pupil and afterward as an instructor, I was connected with the Mechanical Institute of Rochester, N. Y., a school conducted on lines similar to those suggested, and which has been a great success.

Special classes were arranged for children in the public schools, these classes meeting on Saturdays. Hundreds of children attend these classes each year.

About 3,000 persons annually avail themselves of the opportunity to take courses of instruction in this school. This does not mean the class enrollment, as most students enter more than one class. The evening classes alone number about 1,000 different individuals.

The Institute was established 25 years ago for the purpose of giving to mechanics and artisans who are employed during the day instruction in drawing, mathematics, physics, chemistry, woodworking, forging, design and such other branches as are most important for industrial pursuits; but in order to extend its benefits to the poor, it was decided to give to the children of the poor a free education in the public schools, these classes meeting on Saturdays.

## BOOTBLACK LEFT \$9,000.

BOOTBLACK LEFT \$9,000.

Unassigned Will Not Admitted to Probate by Bridgeport Court. An unassigned will made by Guiseppe Petronio, a former Bridgeport bootblack who had amassed an estate amounting to about \$9,000, was presented last week for probate before Judge Nobbs in Bridgeport, but was refused admission by the judge because of lack of signature. The testator declares "I do not sign because I am illiterate."

The will provided that the income from the property at No. 53 Lexington avenue should go to the widow for life or as long as she remained unmarried and then to be divided between three sons of the deceased. The sum of \$300 is left to each of the three daughters.

Under the law of this state the will is invalid and the estate will be divided according to the law, one-third to the widow and that remaining two-thirds between the eight children.

Petronio conducted a bootblack stand at Main and Congress streets for many years.

### GAYLORD SANITARIUM

Provided With Additional Farm Land, 56 1-4 Acres.

Last week was recorded with the Wallingford town clerk the purchase of 56 1-4 acres of land for farming purposes by the New Haven County Anti-Tuberculosis association from Julia DeForest Pierce of Bridgeport. This land is situated near the Gaylord Sanitarium and will prove an acquisition, the farm heretofore consisting of some 200 acres. The original tract of the old Gaylord place comprised 300 acres of woodland and pasture land, located on a high plateau. Last fall there were purchased 65 acres more, thus making 365. The site is the highest in Cook Hill. About 20 acres are under cultivation and the product is used for the patients of the sanitarium.
